SPECTRA*Top*

LEED Point contribution will vary between systems:

SpectraPour

- | | | |
|--------------------------|--------------|---|
| 1. LEED NC Credit MRc4 | (1-2 points) | % by weight of post consumer content (points vary by system thickness and color ratios) |
| 2. LEED NC Credit MRc5 | (1-2 points) | Regionally harvested and manufactured - SpectraPour contributes to LEED credits for materials and resources used on a project site within 500 miles of our Corona, CA location. |
| 3. LEED NC Credit SSc5.2 | (1 point) | Pedestrian hardscape areas can be counted as open space |
| 4. LEED NC Credit SSc6.1 | (1 point) | Pervious Surface |
| 5. LEED NC Credit SSc7.1 | (1 point) | Minimum SRI of 29
(allowable on colors 1102, 1202, 1306, 1308, 1403, 1503, 1703, 1708, 1806, 1808, 1904, 1906) |

SpectraPour CA

- | | | |
|------------------------|--------------|---|
| 1. LEED NC Credit MRc4 | (1-2 points) | % by weight of post consumer content (points vary by system thickness and color ratios) |
| 2. LEED NC Credit MRc5 | (1-2 points) | Regionally harvested and manufactured - SpectraPour contributes to |

LEED credits for materials and resources used on a project site within

- | | | |
|--------------------------|-----------|---|
| 3. LEED NC Credit SSc5.2 | (1 point) | 500 miles of our Corona, CA location. |
| 4. LEED NC Credit SSc6.1 | (1 point) | Pedestrian hardscape areas can be counted as open space |
| 5. LEED NC Credit SSc7.1 | (1 point) | Pervious Surface
Minimum SRI of 29
(allowable on colors 1102, 1202, 1306, 1308, 1403, 1503, 1703, 1708, 1806, 1808, 1904, 1906) |

SpectraPour Supreme

- | | | |
|--------------------------|--------------|---|
| 1. LEED NC Credit MRc4 | (1-2 points) | % by weight of post consumer content (points vary by system thickness and color ratios) |
| 2. LEED NC Credit MRc5 | (1-2 points) | Regionally harvested and manufactured - SpectraPour contributes to LEED credits for materials and resources used on a project site within 500 miles of our Corona, CA location. |
| 3. LEED NC Credit SSc5.2 | (1 point) | Pedestrian hardscape areas can be counted as open space |
| 4. LEED NC Credit SSc6.1 | (1 point) | Pervious Surface |

SpectraPlay

- | | | |
|--------------------------|--------------|---|
| 1. LEED NC Credit MRc4 | (1-2 points) | % by weight of post consumer content (points vary by system thickness and color ratios) |
| 2. LEED NC Credit MRc5 | (1-2 points) | Regionally harvested and manufactured - SpectraPour contributes to LEED credits for materials and resources used on a project site within 500 miles of our Corona, CA location. |
| 3. LEED NC Credit SSc5.2 | (1 point) | Pedestrian hardscape areas can be counted as open space |
| 4. LEED NC Credit SSc6.1 | (1 point) | Pervious Surface |
| 5. LEED NC Credit SSc7.1 | (1 point) | Minimum SRI of 29
(allowable on colors 1102, 1202, 1306, 1308, 1403, 1503, 1703, 1708, 1806, 1808, 1904, 1906) |
| 6. LEED WE Credit 1 | (2-4 points) | Reduce potable water used (recirculatory play water systems) |

SpectraWalk

- | | | |
|--------------------------|--------------|---|
| 1. LEED NC Credit MRc4 | (1-2 points) | % by weight of post consumer content (points vary by system thickness and color ratios) |
| 2. LEED NC Credit MRc5 | (1-2 points) | Regionally harvested and manufactured - SpectraPour contributes to LEED credits for materials and resources used on a project site within 500 miles of our Corona, CA location. |
| 3. LEED NC Credit SSc5.2 | (1 point) | Pedestrian hardscape areas can be counted as open space |
| 4. LEED NC Credit SSc6.1 | (1 point) | Pervious Surface |
| 5. LEED NC Credit SSc7.1 | (1 point) | Minimum SRI of 29
(allowable on colors 1102, 1202, 1306, 1308, 1403, 1503, 1703, 1708, 1806, 1808, 1904, 1906) |

SpectraTop
