

## LEED Point Contribution

LEED Point contribution will vary between systems:

### SpectraPour

- |                          |              |   |
|--------------------------|--------------|---|
| 1. LEED NC Credit MRc4   | (1-2 points) | % by weight of post consumer content (points vary by system thickness and color ratios)   |
| 2. LEED NC Credit MRc5   | (1-2 points) | Regionally harvested and manufactured - SpectraPour contributes to LEED credits for materials and resources used on a project site within 500 miles of our Corona, CA location. |
| 3. LEED NC Credit SSc5.2 | (1 point)    | Pedestrian hardscape areas can be counted as open space   |
| 4. LEED NC Credit SSc6.1 | (1 point)    | Pervious Surface  |
| 5. LEED NC Credit SSc7.1 | (1 point)    | Minimum SRI of 29 (allowable on colors 1102, 1202, 1306, 1308, 1403, 1503, 1703, 1708, 1806, 1808, 1904, 1906)  |

### SpectraPour Supreme

- |                          |              |   |
|--------------------------|--------------|---|
| 1. LEED NC Credit MRc4   | (1-2 points) | % by weight of post consumer content (points vary by system thickness and color ratios)   |
| 2. LEED NC Credit MRc5   | (1-2 points) | Regionally harvested and manufactured – SpectraPour Supreme contributes to LEED credits for materials and resources used on a project site within 500 miles of our Corona, CA location. |
| 3. LEED NC Credit SSc5.2 | (1 point)    | Pedestrian hardscape areas can be counted as open space   |
| 4. LEED NC Credit SSc6.1 | (1 point)    | Pervious Surface  |

### SpectraPour CA

- |                          |              |  |
|--------------------------|--------------|--|
| 1. LEED NC Credit MRc4   | (1-2 points) | % by weight of post consumer content (points vary by system thickness and color ratios)  |
| 2. LEED NC Credit MRc5   | (1-2 points) | Regionally harvested and manufactured – SpectraPour CA contributes to LEED credits for materials and resources used on a project site within 500 miles of our Corona, CA location. |
| 3. LEED NC Credit SSc5.2 | (1 point)    | Pedestrian hardscape areas can be counted as open space  |
| 4. LEED NC Credit SSc6.1 | (1 point)    | Pervious Surface   |
| 5. LEED NC Credit SSc7.1 | (1 point)    | Minimum SRI of 29 (allowable on colors 1102, 1202, 1306, 1308, 1403, 1503, 1703, 1708, 1806, 1808, 1904, 1906)   |

### SpectraTop

- |                          |              |  |
|--------------------------|--------------|--|
| 1. LEED NC Credit MRc4   | (1-2 points) | % by weight of post consumer content (points vary by system thickness and color ratios)  |
| 2. LEED NC Credit MRc5   | (1-2 points) | Regionally harvested and manufactured - SpectraTop contributes to LEED credits for materials and resources used on a project site within 500 miles of our Corona, CA location. |
| 3. LEED NC Credit SSc5.2 | (1 point)    | Pedestrian hardscape areas can be counted as open space  |
| 4. LEED NC Credit SSc7.1 | (1 point)    | Minimum SRI of 29 (allowable on colors 1102, 1202, 1306, 1308, 1403, 1503, 1703, 1708, 1806, 1808, 1904, 1906)   |

## SpectraBound Tile

- |                          |              |   |
|--------------------------|--------------|---|
| 1. LEED NC Credit MRc4   | (1-2 points) | % by weight of post consumer content (points vary by system thickness and color ratios)   |
| 2. LEED NC Credit MRc5   | (1-2 points) | Regionally harvested and manufactured – SpectraBound Tile contributes to LEED credits for materials and resources used on a project site within 500 miles of our Corona, CA location. |
| 3. LEED NC Credit SSc5.2 | (1 point)    | Pedestrian hardscape areas can be counted as open space   |
| 4. LEED NC Credit SSc6.1 | (1 point)    | Pervious Surface  |
| 5. LEED NC Credit SSc7.1 | (1 point)    | Minimum SRI of 29 (allowable on colors 1102, 1202, 1306, 1308, 1403, 1503, 1703, 1708, 1806, 1808, 1904, 1906)  |
| 6. LEED IEQ Credit 4.1   | (1 point)    | Low-VOC adhesives (when used in interior applications)  |

## SpectraTurf PlayGrass

- |                          |              |   |
|--------------------------|--------------|---|
| 1. LEED NC Credit MRc4   | (1-2 points) | % by weight of post consumer content (points vary by system thickness and color ratios)   |
| 2. LEED NC Credit MRc5   | (1-2 points) | Regionally harvested and manufactured – SpectraTurf PlayGrass contributes to LEED credits for materials and resources used on a project site within 500 miles of our Corona, CA location. |
| 3. LEED NC Credit SSc5.2 | (1 point)    | Pedestrian hardscape areas can be counted as open space   |
| 4. LEED NC Credit SSc6.1 | (1 point)    | Pervious Surface  |
